

**"Community Wide Litter Pick-Up
Patrick County, VA"
March 15-April 15, 2009**

The Patrick County Chamber of Commerce, working with local businesses, civic clubs, churches, individuals and other organizations has launched a **Community-Wide Litter Pick-Up** for Patrick County, starting on March 15-April 15, 2009.

The idea is to collect litter surrounding your business, church, organization and home or other designated locations. We encourage you to help clean up the neighborhood, recognizing the **Spring** and **Summer** are when we have a large number of visitors in our County to participate in many activities.

This is intended to be a self directed effort to truly **MAKE A DIFFERENCE** in the appearance of our community and encourage visitors to come back.

We solicit your comments and your support during this time of the year, when spring is evident.

For orange trash bags and orange vests, contact the Town of Stuart, 276-694-3811
